The image features a horizontal, textured blue watercolor wash on a white background. The wash is composed of several overlapping strokes, creating a mottled and organic appearance. The color transitions from a lighter, airy blue on the left to a deeper, more saturated blue towards the right. Centered within this blue area is the word "EVENTS" in a large, bold, black, sans-serif typeface. The letters are thick and have a slightly distressed or hand-painted quality, with some internal texture visible. The overall composition is simple and modern, likely intended as a header or title for a document related to events.
